Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

14 March 31, 2015

PATRICK O'GAWA
ACTING EXECUTIVE OFFICER

**DELEGATION OF AUTHORITY TO INVEST AND
ANNUAL ADOPTION OF THE TREASURER AND TAX COLLECTOR
INVESTMENT POLICY
(ALL DISTRICTS) (3-VOTES)**

SUBJECT

Delegation of authority to invest and annual adoption of the Treasurer and Tax Collector Investment Policy.

IT IS RECOMMENDED THAT THE BOARD:

1. Delegate the authority to invest and reinvest County funds and funds of other depositors in the County Treasury, to the Treasurer.
2. Adopt the attached Treasurer and Tax Collector Investment Policy (Investment Policy).

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The requested actions are required by the California Government Code (Government Code) to permit the Treasurer to continue to invest County funds and funds of other depositors in the County Treasury (Treasury Pool) pursuant to the Investment Policy. Government Code Section 53646 permits your Board to approve annually the Investment Policy.

The proposed revisions included in the attached Investment Policy are as follows:

We reviewed the requirements for a broker/dealer to qualify as an “emerging firm” and increased the maximum capitalization from \$5 million to \$10 million, at the time of application. We also increased the minimum capitalization from \$200,000 to \$250,000, and require that this minimum capitalization be maintained at all times. These criteria were last revised more than a decade ago. These changes should allow additional firms to serve as broker/dealers.

Supranationals were added as a new permitted investment, in accordance with the changes made to Government Code Section 53601(q), effective on January 1, 2015. Supranationals are multilateral lending institutions that provide development financing, advisory services and other financial services to their member countries to promote improved living standards through sustainable economic growth. Three of these supranationals are headquartered in the United States (U.S.) and issue highly rated bonds that are denominated in U.S. currency: the International Bank for Reconstruction and Development (IBRD), the International Finance Corporation (IFC), and the Inter-American Development Bank (IADB). The addition of supranationals as a permitted investment provides us with greater flexibility in the investment of funds.

In addition, Attachment II, Limitation Calculation for Intermediate-Term, Medium-Term and Long-Term Holdings was updated to reflect the latest three calendar years’ balances.

Implementation of Strategic Plan Goals

This Investment Policy is in accordance with the Countywide Strategic Plan Goal #1: Operational Effectiveness/Fiscal Sustainability with regard to investing County funds and funds of other depositors in the County Treasury.

FISCAL IMPACT/FINANCING

There is no fiscal impact from this action.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Government Code Section 27000.1 provides that your Board may annually delegate the authority to invest and reinvest funds of the County and funds of other depositors in the County Treasury to the Treasurer.

Government Code Section 53646 permits the Treasurer to render annually to your Board a statement of Investment Policy, to be reviewed and approved at a public meeting. This Government Code Section also requires that any change in the Investment Policy be submitted to your Board for review and approval at a public meeting~~hearing~~.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There is no impact on current services.

INVESTMENT POLICY**

Authority to Invest

Pursuant to Government Code Section 27000.1 and Los Angeles County Code 2.52.025, the Los Angeles County Board of Supervisors has delegated to the Treasurer the authority to invest and reinvest the funds of the County and the funds of other depositors in the County Treasury.

Fundamental Investment Policy

The Treasurer, a trustee, is inherently a fiduciary and subject to the prudent investor standard. Accordingly, when investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing investments, the investment decisions SHALL be made with the care, skill, prudence, and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity would use with like aims.

All investments SHALL be governed by the Government Code and comply with the specific limitations set forth within this Investment Policy. Periodically, it may be necessary and prudent to make investment decisions beyond the limitations set forth in the Investment Policy that are otherwise permissible by California Government Code. In these special circumstances, ONLY the Treasurer is permitted to give written approval to operate outside the limitations set forth within this Investment Policy.

Pooled Surplus Investment Portfolio

The Treasurer SHALL establish and maintain a Pooled Surplus Investment (PSI) portfolio. The PSI portfolio SHALL be used to provide safe, liquid investment opportunities for pooled surplus funds deposited into the County Treasury.

The investment policies of the PSI portfolio SHALL be directed by and based on three prioritized objectives. The primary objective SHALL be to ensure the safety of principal. The secondary objective SHALL be to meet the liquidity needs of the PSI participants, which might be reasonably anticipated. The third objective SHALL be to achieve a return on funds invested, without undue compromise of the first two objectives.

PSI revenue/loss distribution SHALL be shared on a pro-rata basis with the PSI participants. PSI revenue/loss distribution will be performed monthly, net of administrative costs authorized by Government Code Section 27013 which includes employee salaries and benefits and services and supplies, for investing, depositing or handling funds, and the distribution of interest income, based on the PSI participants' average daily fund balance as recorded on the Auditor-Controller's accounting records. Administrative costs SHALL be deducted from the monthly PSI revenue/loss distribution on the basis of one-twelfth of the budgeted costs and adjusted to actual costs.

Investments purchased with the intent to be held to maturity SHALL be accounted for in the Non-Trading partition of the PSI portfolio. Investments purchased with the intent to be sold prior to maturity SHALL be accounted for in the Trading partition of the PSI portfolio. The investments in the Trading partition SHALL NOT exceed \$500 million without specific written approval of the Treasurer.

In the event that a decision is made to transfer a given security from one partition to another, it MAY be transferred at cost; however, the difference between the market value, exclusive of interest, at the time of transfer and the purchase price, exclusive of interest, SHALL be computed and disclosed as unrealized profit or loss.

All PSI investments SHALL be categorized according to the period of time from settlement date to maturity date as follows:

- SHORT-TERM investments are for periods of up to ONE YEAR.
- INTERMEDIATE-TERM investments are for periods of ONE YEAR to THREE YEARS.
- MEDIUM-TERM investments are for periods of over THREE YEARS to FIVE YEARS.
- LONG-TERM investments are for periods of over FIVE YEARS.

PSI investments SHALL be limited to the short-term category except that the Investment Office of the Treasurer's Office MAY make PSI investments in accordance with the limitations imposed in Attachments I, II, and III (all of which are attached hereto and incorporated by this reference.)

The weighted average maturity target of the PSI portfolio is a range between 1.0 and 2.0 years. For purposes of maturity classification, the maturity date SHALL be the nominal maturity date or the unconditional put option date, if one exists.

The total PSI portfolio investments with maturities in excess of one year SHALL NOT exceed 75% of the last three years' average minimum total cash and investments, after adjustments, as indicated in Attachment II.

Liquidity of PSI Investments

Short-term liquidity SHALL further be maintained and adjusted monthly so that sufficient anticipated cash is available to fully meet unanticipated withdrawals of discretionary deposits, adjusted for longer-term commitments, within ninety days.

Such liquidity SHALL be monitored where, at the beginning of each month, the par value for maturities in the next ninety days plus projected PSI deposits for ninety days, divided by the projected PSI withdrawals for ninety days plus discretionary PSI deposits, is equal to or greater than one.

The liquidation of investments is not required solely because the discretionary liquidity withdrawal ratio is less than one; however, investments SHALL be limited to a maximum maturity of thirty days until such time as the discretionary liquidity withdrawal ratio is equal to or greater than one.

The sale of any PSI instrument purchased in accordance with established policies is not required solely because an institution's credit rating is lowered after the purchase of the instrument.

Specific Purpose Investment Portfolio

The Treasurer SHALL maintain a Specific Purpose Investment (SPI) portfolio to manage specific investment objectives of the SPI participants. Specific investments may be made with the approval of the requesting entity's governing body and the approval of the Treasurer. Revenue/loss distribution of the SPI portfolio SHALL be credited to the specific entity for which the investment was made. The Treasurer reserves the right to establish and charge the requesting entity fees for maintaining the entity's SPI portfolio.

Investments SHALL be limited to the short-term category, as defined above in the previous section for PSI investments, except when requested by a depositing entity and with the approval of the Treasurer, a longer term investment MAY be specifically made and held in the SPI portfolio.

The sale of any SPI instrument purchased in accordance with established policies is not required solely because an institution's credit rating is lowered after the purchase of the instrument.

Execution, Delivery, and Monitoring of Investments

The Treasurer SHALL designate, in writing, personnel authorized to execute investment transactions.

All transactions SHALL be executed on a delivery versus payment basis.

The Treasurer or his authorized designees, in purchasing or obtaining any securities in a negotiable, bearer, registered, or nonregistered format, requires delivery of the securities to the Treasurer or designated custodial institution, by book entry, physical delivery, or by third party custodial agreement.

All investment transactions made by the Investment Office SHALL be reviewed by the Internal Controls Branch to assure compliance with this Investment Policy.

Reporting Requirements

The Treasurer SHALL provide the Board of Supervisors with a monthly report consisting of, but not limited to, the following:

- All investments detailing each by type, issuer, date of maturity, par value, historical cost, market value and the source of the market valuation.

- Month-end bank balances for accounts under the control of the Treasurer.
- A description of funds, investments, or programs that are under the management of contracted parties, including lending programs for the Treasurer.
- A description of all investment exceptions, if any, to the Investment Policy.
- A statement denoting the ability of the PSI portfolio to meet the anticipated cash requirements for the participants for the next six months.

Discretionary Treasury Deposits and Withdrawal of Funds

At the sole discretion of the Treasurer, PSI deposits may be accepted from local agencies not required to deposit their funds with the Los Angeles County Treasurer, pursuant to Government Code Section 53684.

At the time such deposits are made, the Treasurer may require the depositing entity to provide annual cash flow projections or an anticipated withdrawal schedule for deposits in excess of \$1 million. Such projections may be adjusted periodically as prescribed by the Treasurer but in no event less than semi-annually.

In accordance with Government Code Section 27136, all requests for withdrawal of such funds, for the purpose of investing or depositing these funds elsewhere SHALL be evaluated, prior to approving or disapproving the request, to ensure that the proposed withdrawal will not adversely affect the principal deposits of the other PSI participants.

If it is determined that the proposed withdrawal will negatively impact the principal deposits of the other PSI participants, the Treasurer may delay such withdrawals until the impact can be mitigated.
